

OATFACS

*Ohio Association Teachers of
Family and Consumer Sciences*

Complimentary membership in OATFACS is extended to all students currently enrolled in a Family and Consumer Sciences education program at an accredited Ohio college or university.

This membership does not include voting rights and is valid only as long as you remain a student. Student members may attend OATFACS regional meetings for free and the annual OATFACS summer conference and professional development event at special student rates.

We encourage students to also join our parent organization, Association for Career & Technical Education (ACTE) which also offers FREE student membership.
